

The two years of B.Ed course in R.G.R.Siddhanthi College Of Education will always be the most memorable years in my life. During these 2 years, my personal life took many turns and I was on the verge of giving up the course. But the principal and lecturers here boosted me up and always encouraged me to cope with every worst situation and supported me in the academics.

They all taught me real life lessons of how a teacher should be a role model to her student, the best ever lesson needed for a student-teacher.

Each student-teacher nurtured by this institution will surely make the world a better place as they spread out their knowledge to the little minds.
